Dear All-Star Candidates and Parents,

Welcome to Victory Cheer & Dance and thank you for your interest in our all-star program, Rebel Yell! We have prepared the following information to help each family understand the commitment level that we expect. Please take the time to thoroughly read the packet in full detail. This is a condensed overview of our program. We want everyone involved to know what the expectations are for each team member and parent.

Rebel Yell competitive teams are not recreational! We train to compete at a high level of intensity! One of our main goals is to create award winning routines. This type of goal requires a commitment to attendance and structured workouts. Victory Cheer & Dance is looking for athletes that are willing to commit eleven months to our program. We understand this type of commitment is not for everyone and strongly suggest that you talk this over between parent and child. Please review the financial commitment and attendance expectations before making your decision to tryout.

Once again, thank you for considering being a part of the Nationally acclaimed Rebel Yell All-Stars! We hope you will find answers to your many questions about our program within this packet. If you would like additional information, please do not hesitate to call or stop by the front desk - we will be happy to answer all of your questions!

Good luck to each of you! See you at tryouts!

Attendance & Absences

A calendar for the year will be handed out or emailed to all teams members showing the importance of all practices. Example...

All holidays/breaks will be marked "green days" and are the best times to schedule doctors appointments, family gatherings, birthday parties, ect.

"Yellow Days" will be "normal" practice days where, if you miss, you will need to schedule a 30 minute private to either learn what was missed, or work out to continue to improve on on your skills. These privates will be priced at \$15 (half price) and should not be abused or taken lightly. The instructor you will need for the private will depend on what you missed.

"Red Days" are considered choreography days, practices weeks before competition, show-offs, competitions, ect. Anyone missing a "red day" will be considered for immediate removal.

Competitions

We will finalize our competition schedule when the companies post their dates and venues for the 09-10 season. We anticipate attending 4 regional competitions and 3 National competitions.
